ASHUTOSH SONI

SENIOR SOFTWARE ENGINEER

(+91) 9149262609 | viknat1994@gmail.com | LinkedIn

PROFILE SUMMARY

Senior Software Engineer / Lead Developer with **8+ years** of experience **building** and **scaling distributed backend systems** and high-throughput, real-time platforms.

Specialized in Node.js, microservices, event-driven architectures, and data pipelines (Kafka, Debezium, ClickHouse), with proven expertise in designing systems that handle millions of users and large-scale data processing.

Key Highlights:

- Scaled systems supporting **5M+ users** and high-concurrency workloads
- Built **real-time data pipelines** (Postgres → Kafka → ClickHouse) enabling analytics at scale
- Designed and led development of **cloud-native systems** using AWS (S3, SQS, Lambda) & Kubernetes (EKS)
- Strong ownership in system design, architecture decisions, and **performance optimization**
- Experience **mentoring developers**, driving technical discussions, and l**eading end-to-end feature delivery**

Proven ability to translate business requirements into scalable technical solutions, ensuring high reliability, performance, and maintainability across systems in logistics and energy domains. Known for strong collaboration, problem-solving, and delivering impact in fast-paced environments.

PROFESSIONAL EXPERIENCE

Pidge Teachnologies, Gurugram *Aug'25 - Apr' 26*

Senior Software Engineer

Project Title: Pidge Platform

Role: Worked on a large-scale logistics platform handling real-time trip lifecycle, processing **100K+ orders per day**, and built a rider incentive system from scratch to drive engagement and performance.

Environment & Technologies: Microservice architecture, Kafka, clickhouse, Postgress, Node, AWS, and like.

Stem Inc, Gurugram *Aug'23 - Apr' 25*

Senior Software Engineer

Project Title: Athena Platform

Description: This app helps manage energy storage assets that take part in the wholesale energy market.

Role: Spearheaded the responsibility for gathering and cleaning data from various sources for backend features, while also developing and enhancing the existing system.

Environment & Technologies: Microservice architecture, Node, AWS, and like.

PT Zenius Education, Indonesia *Mar'20 - Aug' 23*

Senior Software Engineer

Project Title: Zenius Apps & LMS

Description: This is an education app that provides a great learning experience for Indonesian students.

Role: Spearheaded the responsibility for project backend feature designing & development and worked on the improvement of the existing system.

Environment & Technologies: Micro service architecture, Node.js, React.js, mongoDB, AWS , elasticsearch and like.

Haldor Topsoe A/S, New Delhi *Nov'17 - Aug'19*

Software Engineer

Project Title: Plant Optimization with Machine Learning

Description: The architecture of the project included web apps, admin-portal, ML model deployment, database designing & development, Azure components, and like

Role: Spearheaded the responsibility for project architecture planning & designing, application development from Scratch to production, and deployment process following the DevOps process

Project Title: TrueTemp
Description: The project provided analytical & graphical temperature study of chemical plant walls; it is built as SPA (Single Page Application), which included functionalities depending on users' subscriptions.
Role: Spearheaded the responsibility for application development using the latest technology stack.
Environment & Technologies: ClojureScript, Reagent, re-frame, Stylefy, MongoDB, Azure App Service

TECHNICAL SKILLS

Languages: JavaScript, Python, Clojure, Clojurescript, HTML, CSS, SQL
Framework s & Libraries: *Node.js, React.js, Express.js, Re-frame*
Architecture: Monolithic, Microservices (MSA), REST APIs, GraphQL
***Build/ Deployment / Automation Tool*:** Docker, kubernetes, Jenkins, GitLab
Database: MongoDB, PostgreSQL, MySQL, Redis, Elasticsearch

EDUCATION

- ***B.Tech.*** *(**Computer Science**) from B.I.E.T, Jhansi in **2017** with **77.9%***
- ***12th** from Agra Public School (**AISSCE**)(**CBSE**), Agra in **2013** with **85.6%***
- ***10th** from Air Force School (**CISCE**) (**CBSE**), Agra in **2011** with **10 CGPA***

ACHIEVEMENTS

- Served as Secretary of Computer Science Student Council at B.I.E.T. Jhansi
- Gold medalist in N.C.C. (National Cadet Corps) Certificate "A"

PERSONAL DETAILS

Date of Birth: 02-August-1995
Languages known: English and Hindi
Permananet Address: 30 Laxman Nagar, West Arjun Nagar, Agra - 282001
